

Distracted Driving

Distracted driving has become the leading cause of motor vehicle accidents on our roads today.

If you have been injured as a result of distracted driving, you need a lawyer with experience who can help ensure that you receive the treatment and compensation you are entitled to. Call our office to schedule a free consultation to discuss your accident and what you may be entitled to.

When you have a legal matter and need to hire a lawyer, you may be able to pay for these services on a contingency basis. That means you only pay legal fees if you receive money because your case wins or you get a negotiated settlement. Please see our [Contingency Fee section](#) for answers to frequently asked questions and see each lawyer's individual biography for their maximum contingency fee rates.
