Garrett' s Biography

Garrett Van Louwe graduated with distinction from the University of Guelph's Honours Bachelor of Art program in 2021, where he specialized in Political Science.

This experience launched Garrett into Western University's Juris Doctorate program, which he graduated from in 2024. During his academic career, Garrett honed his articulation, critical thinking, and analytical reasoning to contribute to solving emerging problems regarding the relationship between law and governance. Now, Garrett hopes to bring these same skills to McKenzie Lake as an articling student.

In his free time, Garrett enjoys swimming, reading about history and political philosophy, and spending time with his parents, siblings, cousins, and dog.
