Julie's Biography

With eighteen years of experience including being Regional Chair of the Consent and Capacity Board, Julie has both an understanding of her clients' needs as well as the decision-making process of Boards and Tribunals and Courts.

Julie regularly appears before the Consent and Capacity Board, Ontario Review Board, and Ontario Courts on many legal issues relating to mental health and [healthcare](#) consent.

As the law evolves with respect to mental health, consent and capacity and many other issues relating to health care, it is important for health care organizations to know that they can contact Julie or the firm and receive immediate legal assistance with the knowledge that they are dealing with experts in the field.

Julie has written an introduction to the Law Governing Physicians (three editions) and contributed to a Practical Guide to Mental Health, Capacity and Consent Law of Ontario (second edition). Additionally, Julie has provided educational seminars in health-focused organizations.

Over the years Julie has volunteered for a wide variety of community groups particularly in the health care field including:
