

Recreational Vehicle Accidents

I have been injured in a recreational vehicle accident. What are my rights?

Accidents involving recreational vehicles, which can include all-terrain vehicles, snowmobiles, and personal watercrafts, can result in devastating injuries including spinal cord injuries, traumatic brain injuries, orthopaedic injuries, and even death. There are specific rules governing recreational vehicles and any claims that arise out of recreational vehicle accidents, so it is important to consult an experienced lawyer.

If you or someone you know has been injured as a result a recreational vehicle accident, contact one of our experienced personal injury lawyers at McKenzie Lake Lawyers LLP for a free consultation to discuss what you may be entitled to.
